

Elizabeth Aracy Rondon Amarante,

Our dear *Beth Myky*,
please receive our gratitude and affection for your time,
dedication, and important mission at CIMI,
along with your indigenous brothers and sisters!

Indigenous Missionary Council

Rondonópolis, August 15, 2023

Dear Beth, our friend and colleague,

With great joy, and on behalf of the entire CIMI team, the Presidency would like to thank you for dedicating so many years of your life to the indigenous cause, especially to the Myky who, recognizing the immense value of your character in living with the community, identify you as one of them, Beth Myky. We thank you for your persistent and enduring work, especially in the early years of CIMI's creation, when the persecution of indigenous rights defenders was even more intense. The challenges at that time were immense; much blood was spilled on a land sacred to the original peoples and all their ancestry.... There is still a long way to go in the struggle for the reconstruction of rights, the strengthening of democracy and justice for all, but be assured of your important contribution to the achievements so far. May the God of Life protect and bless you always!

Please receive our grateful embrace and our eternal affection!

President
