

**Remembering our roots.  
Prayer for Vocations  
September 25, 2023**

The Province of Chile, on the occasion of the 170th anniversary of the arrival of the first rscj to Chile, would like to invite you to have a moment of prayer with a video made by students of the Sacred Heart School of Concepción with a visual technique called "Stop Motion" that tells the story of the arrival of the religious and that was reflected by the students of two of our schools (Concepción and Apoquindo) last September 14.

We invite you to watch the video as an initial motivation.

<https://youtu.be/l0yZQu9Yo9M>

After watching the video:

- It has never been easy to open new horizons of mission. We, as rscj, are experiencing profound and important changes in our Society and we want to live them with audacity and courage like our first sisters who have preceded us.
- We invite you to stay and pray for the foundations of our place: who were the first, how long ago, what needs they responded to, what I know of this history?
- What would I like to give thanks for?
- What do I need to respond to today's needs from my Religious of the Sacred Heart?

We ended by giving thanks for our vocation and that we can be a witness for other women who want to consecrate their lives to the Heart of Jesus.
