First Day

**Admirable Mother,
model of calm and
serenity** who by beholding your
sweet and soft face, you teach us
to control our impulses and to
communicate to our brothers, in
these times of pandemic, the
serenity that springs from an
interior peace.

Thank you because just by looking at you,
you invite us to not fall into disquiet and
agitation.

the pandemic?**

Second Day

Admirable Mother, your gaze always attentive to the interior life invite us to lead our gaze upon the authentic values, not to confuse the passing with the eternal, the relative with the absolute; not to put our love in what shines with sparkles of tinsel.

Teach us always to discover “what is essential” to know how find God in the depths of our hearts.

Third Day

Admirable Mother, You are the balm for all wounds, turn your eyes to our heart, to this Peru and to this world, where only hunger, abandonment, emotional deficiencies are glimpsed ... Pour out the balm of love, forgiveness and solidarity upon so many wounds.

*BUT SOLIDARITY
BECAME VISIBLE,
PALPABLE AND CLOSE
TO MANY DIFFICULT
SITUATIONS*

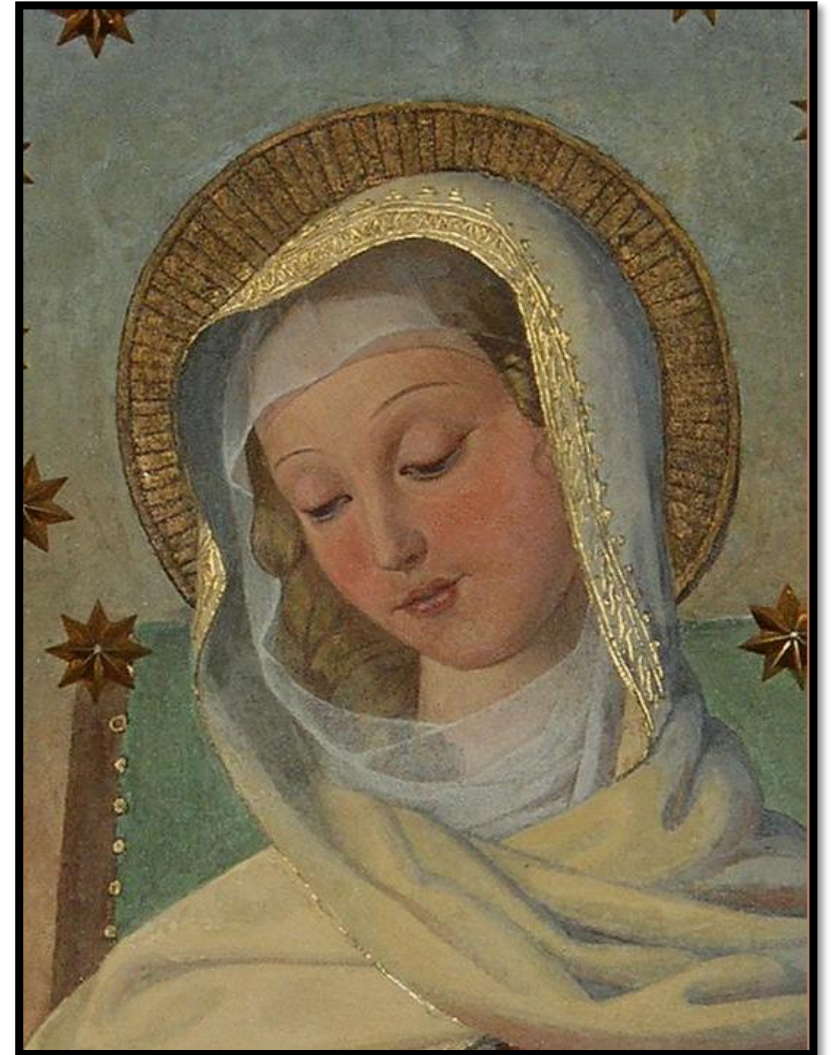

Fourth Day

Admirable Mother, inundate us with joy, hope and confidence in this sick world, so full of fear because of COVID 19.

Balance inequalities, calm rebellions, make slowness dynamic to work for the good of all.

Thank you Mother, because we know that your heart does not cease to watch over us and this fills us with joy and encourages us to abandon ourselves into your Mother heart.

***BEING AT HOME

Fifth Day

Admirable Mother, who is never invoked in vain, we know that you listen to us, that you heal our wounds.

Thank you, because we find in you the answer to what we ask.

*... WE LEARN
MANY WAYS TO
HOLD OURSELVES
EMOTIONALLY...*

Sixth Day

Admirable Mother, behold you how much good it does us, we would never want to lose you, we want to behold you: serene, interior, radiating love, full of grace and peace! ... always telling us: go ahead, strive, trust, grow, love can do everything.

How many times have you remade us !

How many inner tears have you wiped away !

How many of your smiles have light our path !

That is why Mother, we do not want to separate from your side until you tell us, “enough is enough”, enter the Father's House, here I wait for you, enter into the joy of the Lord whom I taught you to love.

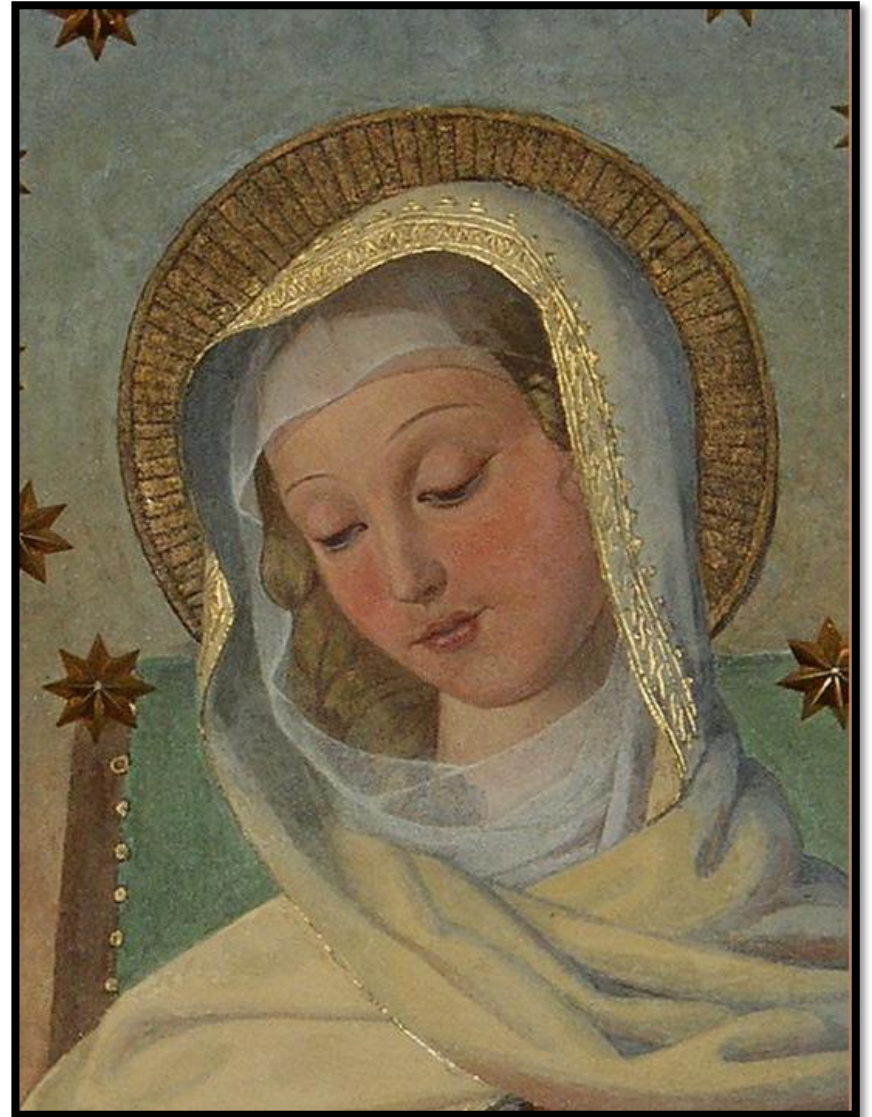

*FAITH GREW

UNCERTAIN
TIMES*

Seventh Day

Admirable Mother, you who love Jesus and make us love, teach us true love, that love that filled your life, love without the slightest shadow of selfishness, love that gives itself, forgets itself, generous, selfless, detached.

May the Love of your Son be so strong in us that we never put the slightest hesitation between your love and our response. Always remind us that we have to be the heart of God in the world.

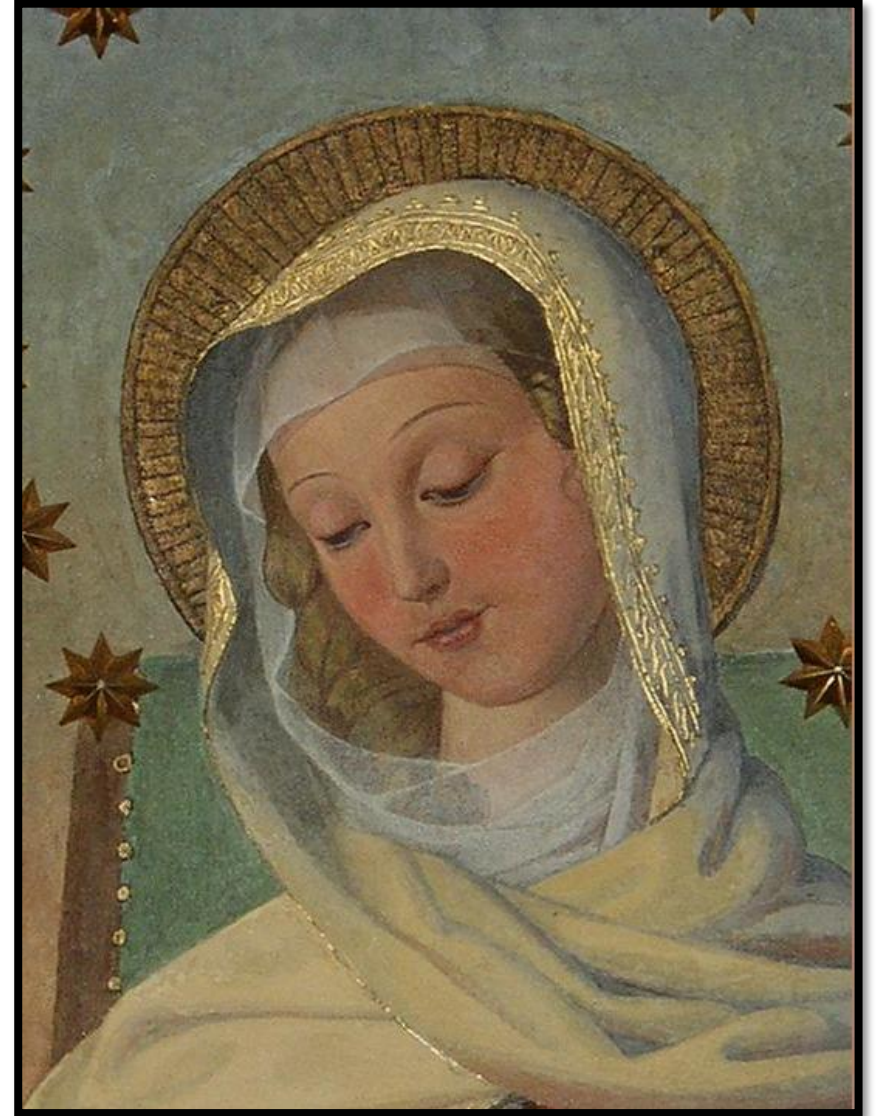

*BUT THE
VIOLENCE
NEVER CEASES
TO SURPRISE US*

Eighth Day

Admirable Mother, personification of PEACE, look with pity on the disquiet, the anguish, which has taken over in many homes, countries, generations of young people due to lack of affection, of work, of impotence in the face of injustices, in the face of misery, incurable disease ...
intercede with your Son so that this world may resume the path that Jesus taught us ...

*WE WILL
RETURN
WITH THE
SAME LIFE AS
ALWAYS*

Ninth Day

Admirable Mother, you who ease everything, we turn to you in these difficult hours of the pandemic, so that you bless us and free us from discouragement.

Walk with us so that we can maintain serenity in the face of difficulties and have the clarity necessary to respond to the challenges that are presented to us.
